

### Job Summary

Metro Productions, a full-service production company and post house, is seeking a full-time Motion Graphic Artist / Animator based in our Richmond, VA facility.

This person will work closely with our staff producer/directors on projects ranging from corporate marketing videos to broadcast television spots.

### Responsibilities and Duties

- Develop creative motion graphics concepts as directed by producers and/or clients.
- Create 2D/3D graphic design elements for video production using industry standard tools;
- (i.e. After Effects, Cinema 4D, Photoshop, Illustrator ...etc.)
- Create and output to video (or appropriate medium) graphic elements that reflect producer/client goals.
- Ensure graphic elements and project files are labeled and organized according to the workflow standards set by the post-production supervisor.
- Perform work on time and within budget to the satisfaction of producers and/or clients.
- Stay current with broadcast and computer technical standards and apply standards to all post-production graphic work.

### Qualifications and Skills

- Bachelor's degree in Graphic Design, Animation, Communication Arts or related field
- 3 – 5 Years of experience with 2D and/or 3D animations and related software (Adobe a must)
- Proficient in Windows 10 and comfortable adhering to existing standard operating procedures.
- Ability to take detailed direction well and work collaboratively.
- Ability to work in a fast paced, deadline driven environment.
- Interested in being part of creative post team with diverse clients including non-profits, various government agencies, corporate work, as well as regional and national broadcast campaigns.

Please send your resume and completed employment application. The employment application can be found at [www.metro-productions.com/employment.html](http://www.metro-productions.com/employment.html).

Metro Productions is an equal opportunity employer.
